Los Alamitos Police Department

Supplemental Report

Case # 02-00735
AOA for Fullerton P.D.

Page: 1

On the early morning of 5-22-02, I was working uniformed patrol as the watch commander for the city of Los Alamitos. I was driving a marked black and white police car. At approximately 0030 hours, units from the Fullerton Police Department were pursuing a vehicle westbound on Lampson Ave. approaching Valley View Blvd. Due to an earlier request for the use of roadspikes, which I had in my car, I was responding to the area of Lampson Ave. and Valley View Blvd. I was unable to get in position to deploy the roadspikes, and the pursuit terminated on Valley View Blvd. just south of Lampson Ave. A request for a K-9 unit was made immediately upon the termination of the pursuit. I cleared our K-9 handler, Officer John Ema # 125, to assist. Officer Ema arrived on scene shortly thereafter. A request for additional units for traffic control was also made. At approximately 0036 hours, I responded to the scene and blocked the southbound lanes of Valley View Blvd. at Lampson Ave. A Garden Grove Police Department unit also arrived at my location and we were able to block all lanes of traffic. I could see multiple units from Fullerton and Garden Grove Police Departments on scene.

Once traffic was blocked, I walked to the scene of the felony car stop in order to locate Officer Ema and find out if they were planning on deploying our canine. As I approached the scene, the suspect appeared to be smoking something. I located Officer Ema on the driver side of a Fullerton unit which was facing southbound and set up on the far east side. Officer Ema advised me he was prepared to deploy our canine if the suspect ran, but he was not going to have our canine enter the suspect vehicle through a smashed window. Multiple officers were commanding the suspect to raise his hands and exit the vehicle. The suspect did not respond to the commands in any manner. An unknown officer requested someone to cover the east side, where a shopping center was located, in order to have coverage if the suspect fled on foot. I took a position behind a tree just east of the sidewalk in the shopping center parking lot. This placed me directly east of the suspect vehicle.

Once I was in position, I could hear an unknown officer announcing the deployment of a less lethal firearm. A less lethal firearm was deployed by one or two unknown officers and at least one of the suspect vehicle's windows was smashed. Just after the deployment of the less lethal firearm, the suspect started his vehicle and I could see the reverse lights illuminate. The suspect attempted to back up, but it appeared as though his vehicle may have been caught on the Fullerton unit set up on the far east side. An unknown officer got into the Fullerton unit, accelerated and pushed the suspect vehicle forward, preventing the suspect from backing up. The suspect put the vehicle in drive and proceeded to accelerate forward towards police units and officers. Officer Ema, along with an unknown officer, were still standing on the driver side of Fullerton unit set up on the far east side.

Los Alamitos Police Department

Supplemental Report

Case # 02-00735

Page: 2

The front wheels of the suspect vehicle were turned to the right, and it appeared as if the suspect would turn in the direction of Officer Ema if the suspect backed up. I yelled to Officer Ema, telling him to get out of his location. As I was yelling to Officer Ema, I heard the sound of handgun fire. I could not see who fired their weapon. The suspect was struck by the gunfire. Multiple unknown officers entered the suspect vehicle and removed the suspect. Personnel from the Garden Grove Fire Department arrived on scene to render medical attention. I exited the crime scene at approximately 0059 hours. I stayed in the area until approximately 0230 hours when I found out Officer Ema would be transported to the Garden Grove Police Department in order to give a statement.

The on board video recorder in my police vehicle is automatically activated when the overhead emergency lights are activated, or the recorder can be manually activated. At no time did I activate my overhead emergency lights or manually activate the recorder while enroute to the area of the pursuit or the pursuit termination point. When I arrived on scene at the termination point, I activated my overhead emergency lights in order to block traffic. I turned off the recorder prior to activating the emergency lights in order to save the audio tape. My vehicle was facing southwest, towards the front of Bank of America which is located on the southwest corner of Valley View Blvd. and Lampson Ave. From this angle, my camera would not have recorded any of the incident if it had been activated.

Forward to the Orange County District Attorney's Office,

Supplemental Report

Page: 1

Case number: 02-0735

On 05.21.02, at approximately 0034 hrs. I was working uniformed patrol in a marked black and white police car. I was listening to the Fullerton P.D. pursuit on red channel. The suspect vehicle was W/B on Lampson and made a left, S/B, turn onto Valley View, then I heard the pursuit had terminated on Valley View south of Lampson.

I was E/B on Lampson at Candleberry and heard a Seal Beach unit advise on green channel that there were shots fired. I continued E/B on Lampson and arrived at Valley View at 0038 hrs. I advised dispatch of my location and I was going to assist with traffic control at Valley View and Lampson. My unit was parked on the S/W corner Lampson at Valley View, facing east in the # 2 lane of Lampson. At no time did I activate my emergency lights as I drove to the scene nor did I turn on my on board video camera..

I was standing at the corner of Valley View and Lampson and was talking to Sgt. Olson from Seal Beach P.D. for a few minutes and then we both walked to the termination point of the pursuit. We were both standing in the S/B, # 1 lane of Valley View behind an unknown cities police car. From where I was standing, I could see Officers taking the driver of the suspect vehicle out of the car.

After the suspect was taken out of the car, Sgt. Flores from Garden Grove P.D. was telling his officers to set up a crime scene. I knew Sgt. Flores from the academy and had not seen him for several years, so I walked over to him, said "Hi" shook his hand and walked back to my unit. I grabbed a roll of yellow crime scene tape, tied it to the light pole on the S/W corner of Valley View and Lampson. Then I walked E/B across Valley View and tied the other end to the light pole on the S/E corner of Valley View and Lampson.

After setting the crime scene tape I stayed outside the crime scene and assisted with traffic control when needed. I left the area at 0157 hrs.
